What type of messages are appropriate for Email Cyclo-Vets?

Email Cyclo-Vets is an excellent tool for any member to use to

- Distribute club information (upcoming club event),
- Post notices concerning races and rides (car pool to a race),
- Buy or sell equipment (Personal equipment, not commercial use)
- Identify the status of member’s race results or accident/health condition
- Post road closures/change ride information (due to weather, ride will not be held)
- Post news items (Cycling article of interest in newspaper or on a web site.)

Messages should be for topics regarding issues of general cycling interest and not commercial in nature.

What type of message is not appropriate for Email Cyclo-Vets?

Email Cyclo-Vets is intended for periodic use by our sponsors and the non commercial use of our members.

- Our sponsors are important to our club and its members. Periodic sponsor messages to Email Cyclo-Vets provide information to members on available products and services as well as specials for members,
- Member postings to Email Cyclo-Vets should be for non commercial use only. In general, if a member is selling items or services (i.e., bike components, bicycle tours, real estate, etc.) and the member is not a sponsor, then such commercial messages are not appropriate for Email Cyclo-Vets. However, if you have a member who has a specific bike component that is used or new (i.e., you won it and do not want use it) to sell or a specific service (you cannot use a bike trip that you purchased from a organization that packages tours) then your posting would not be commercial in nature and it is appropriate for Email Cyclo-Vets.

Members may want to consider becoming a Cyclo-Vet sponsor. Contact our Sponsorship director, sponsorships are quite reasonably priced.

If you have any questions regarding the appropriateness of a specific message, contact the group owner at Cyclo-Vets-owner@yahoogroups.com before posting.

What should I include in messages to Email Cyclo-Vets?

If you want to have individual responses to your email, state that and include your email address in the body of the email.

What are the guidelines for use of Email Cyclo-Vets?

To keep Email Cyclo-Vets smoothly and politely operating, it is only necessary to follow a few simple conventions.

- **Open to All Members:** Like our rides, our Email Cyclo-Vets service is open to all members. Any member can post a message onto the account and all messages go to all members. But don't post anything that you do not want the entire peloton to read because it goes to all registered members.
- **Don't Spread Garbage on the Road:** The Internet has more than enough unwanted emails and Spam. You can do your part to reduce the amount of message 'garbage' you deposit on the road of your fellow club members. When you want to respond to an email received from Email Cyclo-Vets, decide whether it is appropriate to reply to ALL members or just the author of the specific email.
 - If you want to send your response to ALL Cyclo-Vets members, click on the REPLY button and the response will go to where it came from, the entire Email Cyclo-Vets member list.
 - If you want to send your response to the person who posted the message only, do a 'Forward' and address it directly to that member. Cyclo email address of that member can be found in the header portion of the email to which you are responding.

- **Don't Yell at the Peloton:** Like in the peloton, occasionally someone will do something that is inappropriate on Email Cyclo-Vets. When a mistake occurs in the peloton, it can be addressed by either taking the person aside individually and talking to him personally or by yelling at all the entire peloton. The former is normally much more effective for the individual who committed the error and the rest of us as well. If you feel an incident requires your personal attention, send a specific email message to the individual. If this does not work to your satisfaction, please feel free to contact the list owner (see below.) But, please, do not yell at the peloton.

Who is the List Owner for Email Cyclo-Vets?

- Kevin Lingii is the manager of Email Cyclo-Vets. He can be reached at Cyclo-Vets-owner@yahoogroups.com or kevin.linggi@agedwards.com.
- If you have a problem with a message, please email individually the posting person or the List Owner in private. Don't post a message to all Email Cyclo-Vets recipients.
- Members who do questionable actions on Email Cyclo-Vets (like posting a message that should not go to all members) normally receive an individual email from the list owner. Chronic abusers or those committing an obviously inappropriate email can and will be suspended.

Does the Cyclo-Vets Board of Directors have a list similar to Email Cyclo-Vets for board business?

Yes. This list is only open to Cyclo-Vet board members. Board members can send a message to that list by clicking on
